Collaboration at the heart of languages education

[Home](#) [Call for Contributions](#) [Registration](#) [Sponsorship & Exhibitors](#) [Programme](#) [Venue](#)

The theme of Language World 2026 has been chosen by our Co-Presidents, Anna Lee and Steven. They have been active members of the Association for language learning since its inception and are constantly enthused and heartened by the powerful collaborations that take place between language teachers and others, across the ALI branches, networks and hubs, in online meetings and local interest groups, and in so many other ways. It is the joy of collaboration that inspires the theme for Language World 2026 – we'd love to see you there!

Language World – ALI's annual conference – is truly at the heart of our professional association. It is an opportunity to come together, to share, to support, to learn, to network and to collaborate with like-minded language enthusiasts. Teaching is a profession that requires heart, passion, patience and dedication, and the Language World 2026 theme shines a spotlight on the importance and power of mutual support and collaboration. We are stronger together!

The theme is deliberately broad to encourage all language educators – whatever their language or phase of teaching – to come along and join the action, so that we can grow professionally and, over time, inspire future generations to love their languages.

♥ We look forward to welcoming you to Language World 2026 ♥

About this group

Description

We are friendly members of the national Association for Language Learning (ALL). We organise London-based events for local members to encourage close and sustainable networking between people. We are inclusive! Although we strongly encourage people to join ALL which supports work done at a national level, our events are open to all those who care about language learning. We have regular local events throughout the year which complement events organised at a national level. An enthusiastic and lively committee plans the events as shown by the online diary on our website. New members are always welcome. Please contact us for further information in any way which suits you best.

**A webinar with Julien Violette and Mathilde Bouquin: Getting KS4
French/Spanish students ready for the new GCSE**

Our sessions will focus on the sharing of best practice for the new GCSE course and provide opportunities to look at samples of student response and marking from exam board examiners.

Teachers will consolidate what we have learnt so far about the new GCSE examinations and will develop effective teaching strategies to prepare KS4 students for their exams. This will include practical ideas on a variety of exam questions across the 4 components. Teachers will also gain confidence in marking a range of student answers in Speaking and Writing.

Objectives:

We will consolidate what we have learnt so far about the new Edexcel GCSE examinations.

We will develop effective teaching strategies to prepare KS4 students for their exams.

We will review practical ideas on a variety of exam questions across the components.

Mathilde Bouquin 'I am currently the Deputy Lead for Languages for the Harris Federation. I have taught languages since 2011. In my current role, I am involved in the training and development of new languages teachers working with the National Institute of Teaching. I am also in charge of developing the KS4 French provision. I am committed to exploring inclusive strategies that empower all learners to become confident linguists, with a particular focus on supporting groups who tend to underperform nationally in languages, such as boys and learners with SEND.'
